

Hereby, we announce the 4th Iranian art and architecture festival in Yerevan, Armenia will be held in September 2016, as part of a series of worldwide exhibitions which aim to introduce contemporary art and architecture of Iran. This exhibition is expected to follow suit of successful festivals in the past such as at Venice Biennale 2015 in Italy and Tokyo, Japan in 2016.

The festival is organized, sponsored and hosted by Armenian Center of Contemporary Experimental Art (ACCEA) for the fourth consecutive year and is dedicated to present Iranian contemporary photography and architecture. ACCEA goal is to highlight the work of the new generation of Iranian architects and present a broad view of countrywide notable art projects. The artworks selected and presented at Venice Biennale 2015 in Italy will be exhibited with the same installation and format.

These projects ( 68 Projects ) had high geographic diversities and were from great cities of Iran like Tehran, Isfahan, Shiraz, Tabriz, Mashhad or even smaller cities such as Bam, Rafsanjan, Iranshahr in Sistan Baluchestan, Takab or even from foreign cities such as Beijing, Frankfurt and Bangkok with various residential functions ( such as Villas, Apartments and towns ), multifunctional commercial, administrative, restaurants, sports and recreations, educational complexes. These projects were sent from various fields of Architecture, Urban Design, interior design, façade design, landscape design, renovation and reconstruction.
